DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Sauermann (DE 10118862).

Sauermann discloses a trailer hitch for a work vehicle, the hitch comprising:

two coupling carriers 2, which extend parallel to each other and which are aligned vertically, the coupling carriers having guides 11 provided thereon;

a support 12 received by the guides;

a coupler 13 attached to the support, the support being shiftable horizontally in forward and rearward directions;

and a lock for locking the support in at least one position with respect to the coupling carriers, the lock comprising a clip 17 attached to the coupling carrier, the clip having a vertical hole 28 for receiving a bolt, the bolt being engagable with the support.

Allowable Subject Matter

3. Claims 16-18 are allowed.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited reference discloses a vertically adjustable hitch in vertical tracks.
